

# Acknowledgements

The writing of this Report was a mammoth task which encompassed multifarious issues involving the 20-million-strong Indian Diaspora and the wide-ranging and comprehensive mandate given to the Committee. This Herculean task was made much easier and agreeable by the tremendous support and invaluable inputs received by the High level Committee from individuals, organisations and the Departments and Ministries of the States and the Central Government.

The Committee is grateful to the Prime Minister Shri Atal Bihari Vajpayee, Home Minister Shri L.K. Advani and Minister for External Affairs Shri Jaswant Singh for their unstinting support in the work of the Committee.

The Committee expresses its thanks to the then Minister of Labour Dr. Satya Narayan Jatiya for the opportunity of interaction with him and to Ministries/Departments of the Central Government which had set up, at the request of the Committee, Special Study Groups on the subjects concerning them. The reports of the Study Groups were of great assistance to the Committee. Among the organisations which prepared analytical studies for it, the Committee wants to make a special mention of FICCI, CII and IIFT. The Committee acknowledges with grateful thanks, the useful information and ideas provided by the Hon'ble Governors and Chief Ministers of States with whom the Committee had the privilege of meeting. Suggestions received from Members of Parliament, cutting across party lines, provided significant insights. The Committee is beholden to them all. The Committee received a wide range of suggestions from a number of eminent persons in various walks of life in India. Innumerable PIOs/NRIs across the world were in touch with us personally and by fax, e-mail and our interactive website giving us an added understanding of their problems and aspirations as well as their demands and expectations from India. The Committee extends to them all, its sincere thanks for joining us in a spirit of partnership.

The Committee's special thanks and appreciation go to the Indian Diplomatic Missions and Posts who played a very useful part in the writing of this Report by providing comprehensive information on the Indian communities resident in their jurisdiction and for arranging fruitful meetings with several dignitaries, prominent PIOs/NRIs, associations, institutions and organisations dealing with and managed by PIOs/NRIs, during the Committee's visits to some of the countries which have sizeable Indian Diaspora.

The Centre for the Study of Indian Diaspora, University of Hyderabad organised a Workshop on "Indian Diaspora : Linkages and Expectations" in September 2001, which gave the Committee an excellent opportunity to listen to the views of eminent scholars who presented their papers in the Workshop, and to interact with them and elicit valuable information from them on several issues concerning the Indian Diaspora. The Committee is highly appreciative of the efforts put in by Prof. Chandrashekhar Bhat of the Centre who organised the Workshop.

The Committee acknowledges the untiring efforts put in by the officers and members of staff of the NRI-PIO Division of the Ministry of External Affairs, who constituted the Secretariat of the Committee. Their relentless efforts and ungrudging assistance made it possible for the Committee to write its Report without undue delay. The Committee commends and wants to place on record its great appreciation for the sincerity, devotion to duty and hard work of every member of its Secretariat.

Since it is not possible to mention each and every person who helped it in its stupendous task in one way or the other, the Committee conveys its sincere thanks to all of them for their generous support and contribution.
